Cut Prices on All Our Heaters

Pretty early to be cutting prices on the very article you need right now
more than any other time, but we've got too many on hand, and besides we are
in urgent need of some **READY CASH**. The prices were low enough anyway,
but here goes. You'll never have better chance to get an extra value for
your money if you live a thousand years. These stoves have a standard price
the world over, and to find them going at reduced prices is like finding straw-
berries in June. Note these prices:

A \$17.50 Heater for \$14.00

A 17.00 Heater for 13.00

A 16.00 Heater for 12.00

A 8.00 Heater for 7.00

You have been putting off buying your new heater too long already—
when you need one you **NEED** it, and it's folly to wait. Come in now and
pick it out.
